Keith Biggs LRPS	Overton Photographic Club Southern Photographic Federation
David Pickford	Donside Camera Club Scottish Photographic Federation

Master Level

There was one applicant who was not successful.

Organising an event such as this does take an great deal of effort and time. The Executive wish to express their grateful thanks to Sheffield Photographic Society of the Yorkshire Photographic Union for hosting this event on our behalf.

Audio Visual is a very specialist area of photography and requires a Co-ordinator who not only is a good administrator but understands the complexities involved in projecting sequences correctly and to their authors requirements. The PAGB owe a debt of gratitude to Peter Brown, DPAGB, ARPS, Hon.PAGB (Past President of the PAGB) for acting in this role and Chairman of Adjudicators for the day.

AV's are gaining in popularity and the Sheffield event was over subscribed. As with other areas of photography this is partly due to the advent of digital capture and post production software. We hope this will, in turn, lead to more applications being received as the Awards themselves continue to grow in popularity and prestige.
