

**The Northern Audio Visual Group Meeting**  
**St. John's Church Hall, Snods Edge, Shotley Bridge, DH8 9TJ**  
**Saturday 18<sup>th</sup> March 2017 at 10:00**

You are cordially invited to the March 2017 meeting where our guest speaker will be one of our own members, Jeff Evans,

Jeff started his interest in digital photography prior to his retirement in 2001 and in particular, the production of audio visual sequences using video editing software. On joining Whitley Bay Photographic Society (WBPS) in 2003, he became interested in using Pictures To Exe, and in conjunction with two others, helped to produce the first written guide. When Version 8 became available, he also made a substantial contribution to the present online user guide. Recently he has contributed to the development of the new Version 9 during the beta testing phase. He is currently President of WBPS and a member of Circle 42 of United Photographic Postfolios.

During his time at WBPS, he has produced over 70 sequences, some of which have been shown during previous Snods Edge meetings to which he has been coming for about 12 years. Many of these sequences are shown in AV shows which his club takes round various local organisations.

Jeff will present an overview of the differences between PTE Version 8 and Version 9, and demonstrate many of the new features in Version 9 interspersed with selected AV sequences from his catalogue.

**Cost: - £14.00**

Morning tea/coffee, lunchtime tea/coffee and afternoon tea/coffee are included in this price. Lunches will be provided at £6.50 per head, but must be pre-booked (see reply slip below) by Monday 6<sup>th</sup> March 2017. If you prefer to bring your own lunch – tea and coffee will still be provided.

**ATTENDEES SEQUENCES**

There will be the usual opportunity in the programme for attendees to show their latest AVs using Pictures To Exe (PTE) or ProShowGold before an appreciative and expert audience. For this meeting will you please pre-submit your sequences to Stuart Edgar so they can be viewed in advance by our guest assessor, Eddie Spence, who will provide written comments and observations to be read at the meeting. Please follow these instructions: -

Send your executable file to Stuart using the following programme – <https://www.wetransfer.com> following the web site instructions using his Email address [stuart.edgar2@btinternet.com](mailto:stuart.edgar2@btinternet.com). If this is not possible send the executable file on CD/Memory Stick to Stuart at Greensyke, Kirkbampton, Carlisle, CA5 6HX.

**They must arrive by Monday 6<sup>th</sup> March 2017 to be included on the day. Please note any sequences submitted later may not be reviewed or seen on the day. They will be shown in the order they are received.**
