

RPS AV Day Trinity University Sunday April 5th 2020 starting at 10.30

Speaker: Keith Leedham FRPS EFIAP FIPF

My interest in photography started when I was 13 years old after my father bought me a camera for my birthday.

Together we joined a club and the interest grew. When I was 17 my camera went wrong, so I took it for repair, it was then that I applied for a job repairing cameras. Ever since then that has been my profession until I retired at 65.

I joined the RPS and went on to gain the FRPS in AV in 1987.

I have also served on The RPS International AV Festival committee for 26 years and I am still a member of that committee.

I have been attending and entering national and international AV festivals because I am quite competitive and enjoy meeting like-minded people.

I find AV a good way to express myself and have learnt so much by researching my own and watching other people's sequences.

In order to try and give something back to my hobby I became chairman of the RPS AV Group committee for 5 years and a member of the RPS distinctions panel for L, A and F.

I am interested in close up and nature photography and many of my sequences are on that subject. I spend a lot of time watching and photographing insects.

I love music and my love of music helps me in the making of my sequences.

My lifelong interest in photography has gained me many friends all over the world as well as earning a living from it.

Timetable

The meeting starts at 10.30 with attendees' sequences. This is your chance to show off your work and get some kind, helpful comments on improving it or maybe just saying how wonderful it is. This is always an important and enjoyable part of our day so please bring along your AVs.

To help us with the organisation of this session please try to send your AV sequence in advance to Tony Collinson using DropBox, WeTransfer or a CD through the post. DropBox is a free download from

https://www.dropbox.com/en_GB/install and WeTransfer from <https://www.wetransfer.com>

Tony's email address is tcollin798@aol.com and his postal address is

If it is not possible to send it in advance because you are working on it until the night before, bring it with you as usual but please book it in on the booking form.

We will break for lunch about 13.00 and Keith will speak to us from 14.00 until about 16.45 or so with a break for tea/coffee at about 15.00.
